## **Please register now for RELIGIOUS SCHOOL for Fall 2020**

Our religious education creates opportunities to cultivate a connection, lifelong involvement and love for Judaism while helping young people to discover Jewish meaning in their own lives. Our school provides a vibrant spiritual, social and emotional learning environment for every child according to their singularity. With the help of online social and in-person learning experiences, our curriculum is designed to allow our learners to gain deeper insights from Jewish wisdom, values and tradition. We believe that this holistic approach can inspire learners to search for their own voices within the ancient and ongoing conversation of Judaism, through experiential learning, prayer, music, movement and play. Our education is effective, relevant and meaningful so our students are able to grow, evolve and thrive.

### **Religious School is complimentary for Members' children.**

## **Expand Your Knowledge at the Brooklyn and Queens Public Libraries**

Public libraries give you access to a world of information. Sometimes you must belong to more than one library system to get what you are looking for regarding databases. A library database is a searchable electronic index of published, reliable resources. Many of these databases are accessible from home. All you need is an internet connected device and a valid library card.

You may not know it, but as a New York State resident, you can apply for a Brooklyn Public Library ecard <https://www.bklynlibrary.org/use-the-library/borrow> and Queens Public Library ecard <https://www.queenslibrary.org/get-a-card/eUser>.
